

RONIKA

COMMERCIAL GROUP

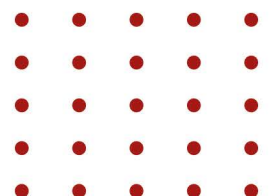

Company Overview

We are an office furniture manufacturer, producing high-quality and durable items. In addition to the capable manpower in our team, we also use modern equipment in the world. In addition to quality and strength, we manufacture proper and up-to-date designs.

In this regard, we take advantage of our skilled designers and we always observe the designs and methods of the world.

Considering all the rights of customers and international standards, Ronika Trading Company has managed to gain the satisfaction of major traders as well as final consumers, having spared no pains in this regard.

Business Description

Office furniture includes all the tools used in the workplace and varies according to the company's foundation. For instance, the office furniture of an engineering company is completely different from that of a library. Not only is office furniture used for offices, but also it is to equip any workplace along with different varieties such as a suitable chair, desk, wardrobe, shelves and all kinds of partitions.

Office furniture comes in lots of forms, the most important of which are classic, modern, rustic, retro, maverick, contemporary and high-tech.

RONIKA
COMMERCIAL GROUP

Choosing office furniture and its principled arrangement affects the efficiency and comfort of employees as well as the attractiveness of the company's decoration. Moreover, it prevents common physical problems such as knee pain, back pain, joint pain and sagging shoulder. Knowing these issues and the target market, Ronika Trading Company is engaged in the production of both wooden and metal office furniture. Considering the specialized manpower and modern equipment it has, this unit offers various quality products to the market

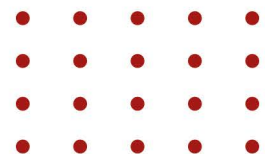

Vision and Values

Ronika's vision is to become a hub of office furniture production in the Middle East and even the world in the coming years, also to play a major role in exporting office furniture.

Values

- Protecting the environment
- Considering human force as the most important capital in the company

Message from the CEO

We believe that customer trust is the largest asset of the company. With this in mind, we consider ourselves obliged to manufacturing products in accordance with international standards. In order to gain the trust and satisfaction of customers, we intend to play a privileged role in global markets, using the global methods and elements in the field of office furniture. Taking advantage of the experience of health professionals, all products manufactured in our company are produced based on ergonomic standards so that no harm is done to our customers. At Ronika, we understand and value the importance of education. For this reason, we have tried to always increase the knowledge of the staff by attending the relevant exhibitions and seminars along with holding training workshops.

Services

- Consultation with the company for purchases appropriate to the type of activity and office environment
- Providing valid warranties for products
- Sending product catalog via email and social networks

Delivery and Payment

Considering that the Middle East provides access to a variety of transportation routes, including rail, sea, land and air, Ronika Trading Company exports its products to different countries easily, conveniently and promptly. International customers can always discuss the issue with our experts if they need a certain route to transfer goods. Due to having multiple foreign currency accounts under the company name, and natural persons approved by the company, we suggest telegraphic transfer. You can also discuss your desired payment method with our experts.
